STRUCTURAL ENGINEERING PEER REVIEW AND SEISMIC EVALUATION SERVICES

for

Seismic Safety Policy Implementation
Project No. 997152

University of California, Irvine

Under the guidelines of Calif. Public Contract Code 10510.4 - 10510.9, the University is seeking several best qualified firms to provide Structural Engineering Peer Review and Seismic Evaluation Services to provide seismic safety assessments and supporting construction cost estimates for the UCI Campus, UCI Medical Center, and associated properties in support of the UCI Seismic Safety Policy Implementation project.

Project Summary

Selected Engineering Professional(s) shall provide consulting services for the implementation of the University of California Seismic Safety Policy. In addition, the University may request additional services to further investigate, identify options, make recommendations and estimate probable costs for potential building renovation that would include seismic retrofits and other improvements.

Required Services

The UC Policy requires that all facilities used for University-related purposes be seismically evaluated. Buildings on campus have been prioritized into Groups 1, 2 and 3. Evaluations have been prepared for Group 1.

Consultants will be assigned buildings by priority to complete all work in accordance with the UCOP Seismic Safety Policy, including the data requirements in the policy attachments. Buildings that do not achieve benchmark status will require ASCE 41-17 Tier 1 or FEMA 154 evaluations. The University may request ASCE 41-17 Tier 2 or Tier 3 evaluations on select buildings as part of this scope of work.

Procedures

Request for Qualifications will be available electronically at 2:00 PM on May 21, 2019 from UCI Design & Construction Services. Contact Brenda Duenas at (949) 824-9586 or email blduenas@uci.edu to obtain required forms.

Submittal Requirements

Send one (1) original and five (5) copies of Statements of Qualifications to:
